

The image analysis indicates cardiovascular disease, with the condition appearing quite severe.

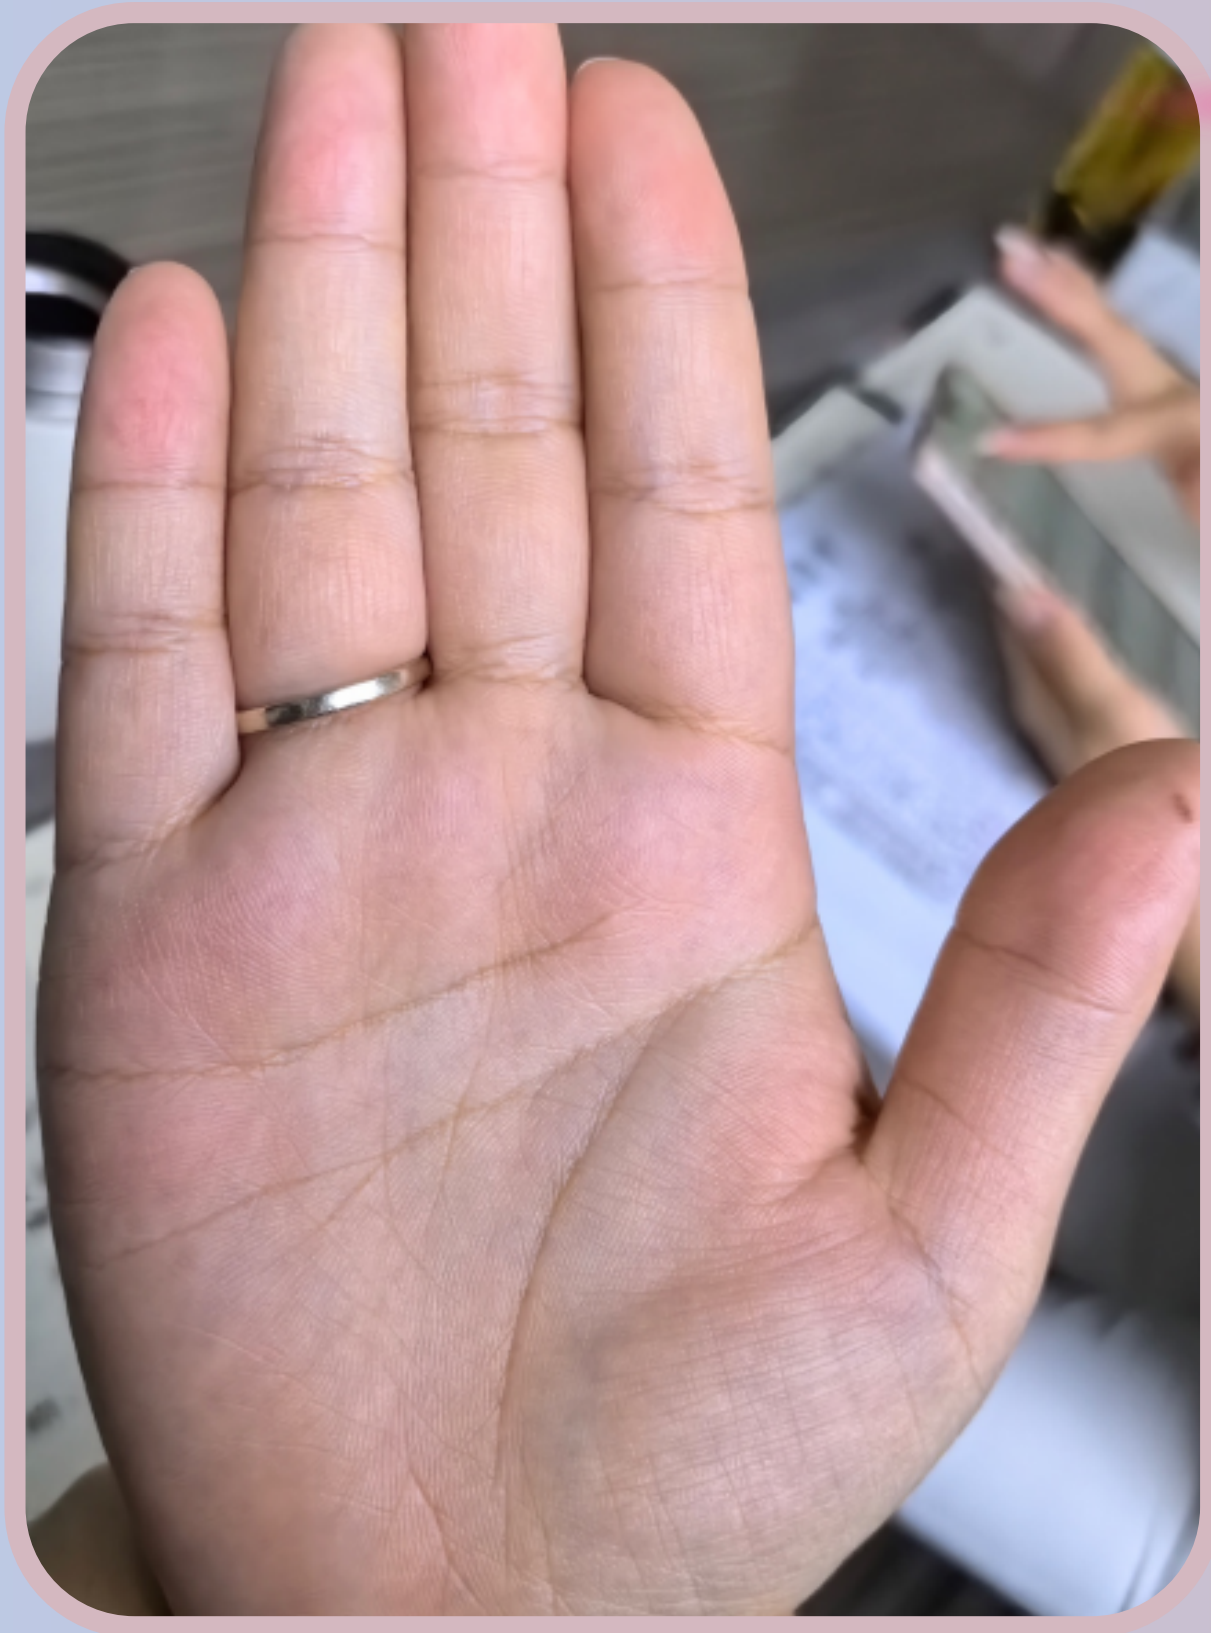

The feedback confirms a diagnosis of serious heart disease.

A Strong Woman with a Determined Personality

- A strong, independent woman with masculine personality traits and a stubborn nature.
- Successful in her career, but has experienced setbacks and political suppression in professional or governmental circles.
- Better suited for career development in another location.
- Unstable marriage or challenges in relationships.
- Family-oriented, but has also endured hardships and grievances.
- Needs to pay attention to cardiovascular health.

Woman's Palm

- Indecisive personality, often hesitant when making decisions.
- Filial and respectful toward parents.
- High intelligence, but tends to overthink and worry excessively.
- Not suited for entrepreneurship.
