Hexagram: Great Exceeding (Ze Feng Da Guo, Hexagram 28)
- Wandering Soul in Zhen Palace

General Interpretation

The querent inquired about the possibility of a promotion. The received hexagram, Great Exceeding (泽风大过), falls under the Zhen Palace (震宫) and is classified as a Wandering Soul (游魂卦), which suggests instability, uncertainty, and challenges in achieving the desired goal.

This hexagram indicates a situation where the structure is under heavy pressure, exceeding its limits, which can either lead to breaking through limitations or collapsing under stress. In career terms, this implies that the path to promotion is difficult, requiring both strategic adjustments and external support.

问：啥时候能提升？

答：很难，明年农历6月有点机会。

此卦我认为她的上司更喜欢提拔她的同事，卦主的气势在高位，若不能放低姿态，即便领导有意提拔，必然优先提拔其他人，更想看她和她家的态度。另一方面，群众基础上也的确没有其他同事做得好。

反馈她家人原来是领导已退休，家人也与集团领导打过招呼，在面子上领导也答应帮忙，但至今提拔的一直是她身边的同事。再次应证了我断的卦象。

Client's Question: When can I get a promotion?

My Answer: It's quite difficult now. But there might be a slight opportunity in June next year (lunar calendar).

Based on this hexagram, I believe that the boss favors promoting her colleagues over her. The energy in her hexagram is positioned high, meaning that if she doesn't lower her stance, even if the leadership considers promoting her, they will still prioritize others first. Before making a decision, the boss is more focused on assessing her attitude and her family's current standing, given that her family members were former company executives who are now retired. Additionally, she lacks strong public support, and there is no particularly outstanding colleague for comparison.

The feedback confirms that her family member was once a leader but has since retired. Although her family has connections with the company's leadership, those who have been promoted so far are still her colleagues rather than herself. This further validates my reading.

Looking at her BaZi chart, her Eight Characters are:

Daily Pillar: Born in 1985 year of Yi-Chou (Wood Ox), in Dec. of Wu-Zi (Earth Rat), on 15th of Wu-Zi (Earth Rat), during the hour of Bing-Chen (Fire Dragon, 7-9am).

My Conversation with Assistant Regarding the Case

Assistant: Is there any way to resolve this?
问有没有方法化解

🌸🐏 Flora南南3949🐏🌸: 目前来说挺难的, 明年农历6月有点机会。
Me: Right now, it's quite difficult. The earliest opportunity might be in June next year (lunar calendar).

群众基础不好呀

Me: The foundation of public support is not strong.

周三 23:29
Assistant: She should work on building better relationships with colleagues.

让她去搞搞群众关系

嗯, 可能还得用点小钱钱

Me: Hmm, that might also require spending some money.

好的 Assistant: Got it.

周三 23:46
Assistant: She admitted that her public support is indeed weak.

她说了群众确实一般

你好厉害啊

Assistant: Client said you're amazing!

你再给想点招 😊

Can you think of any additional solutions? 😊

给我八字看看

Me: Let me take a look at your BaZi.

周三 23:58

Me: She should consider offering small favors to the leadership, as wealth generates authority in her chart.

跟领导送点好处嘛, 财能生官啊

Me: Also, find a Goat (未) day in the perpetual calendar.

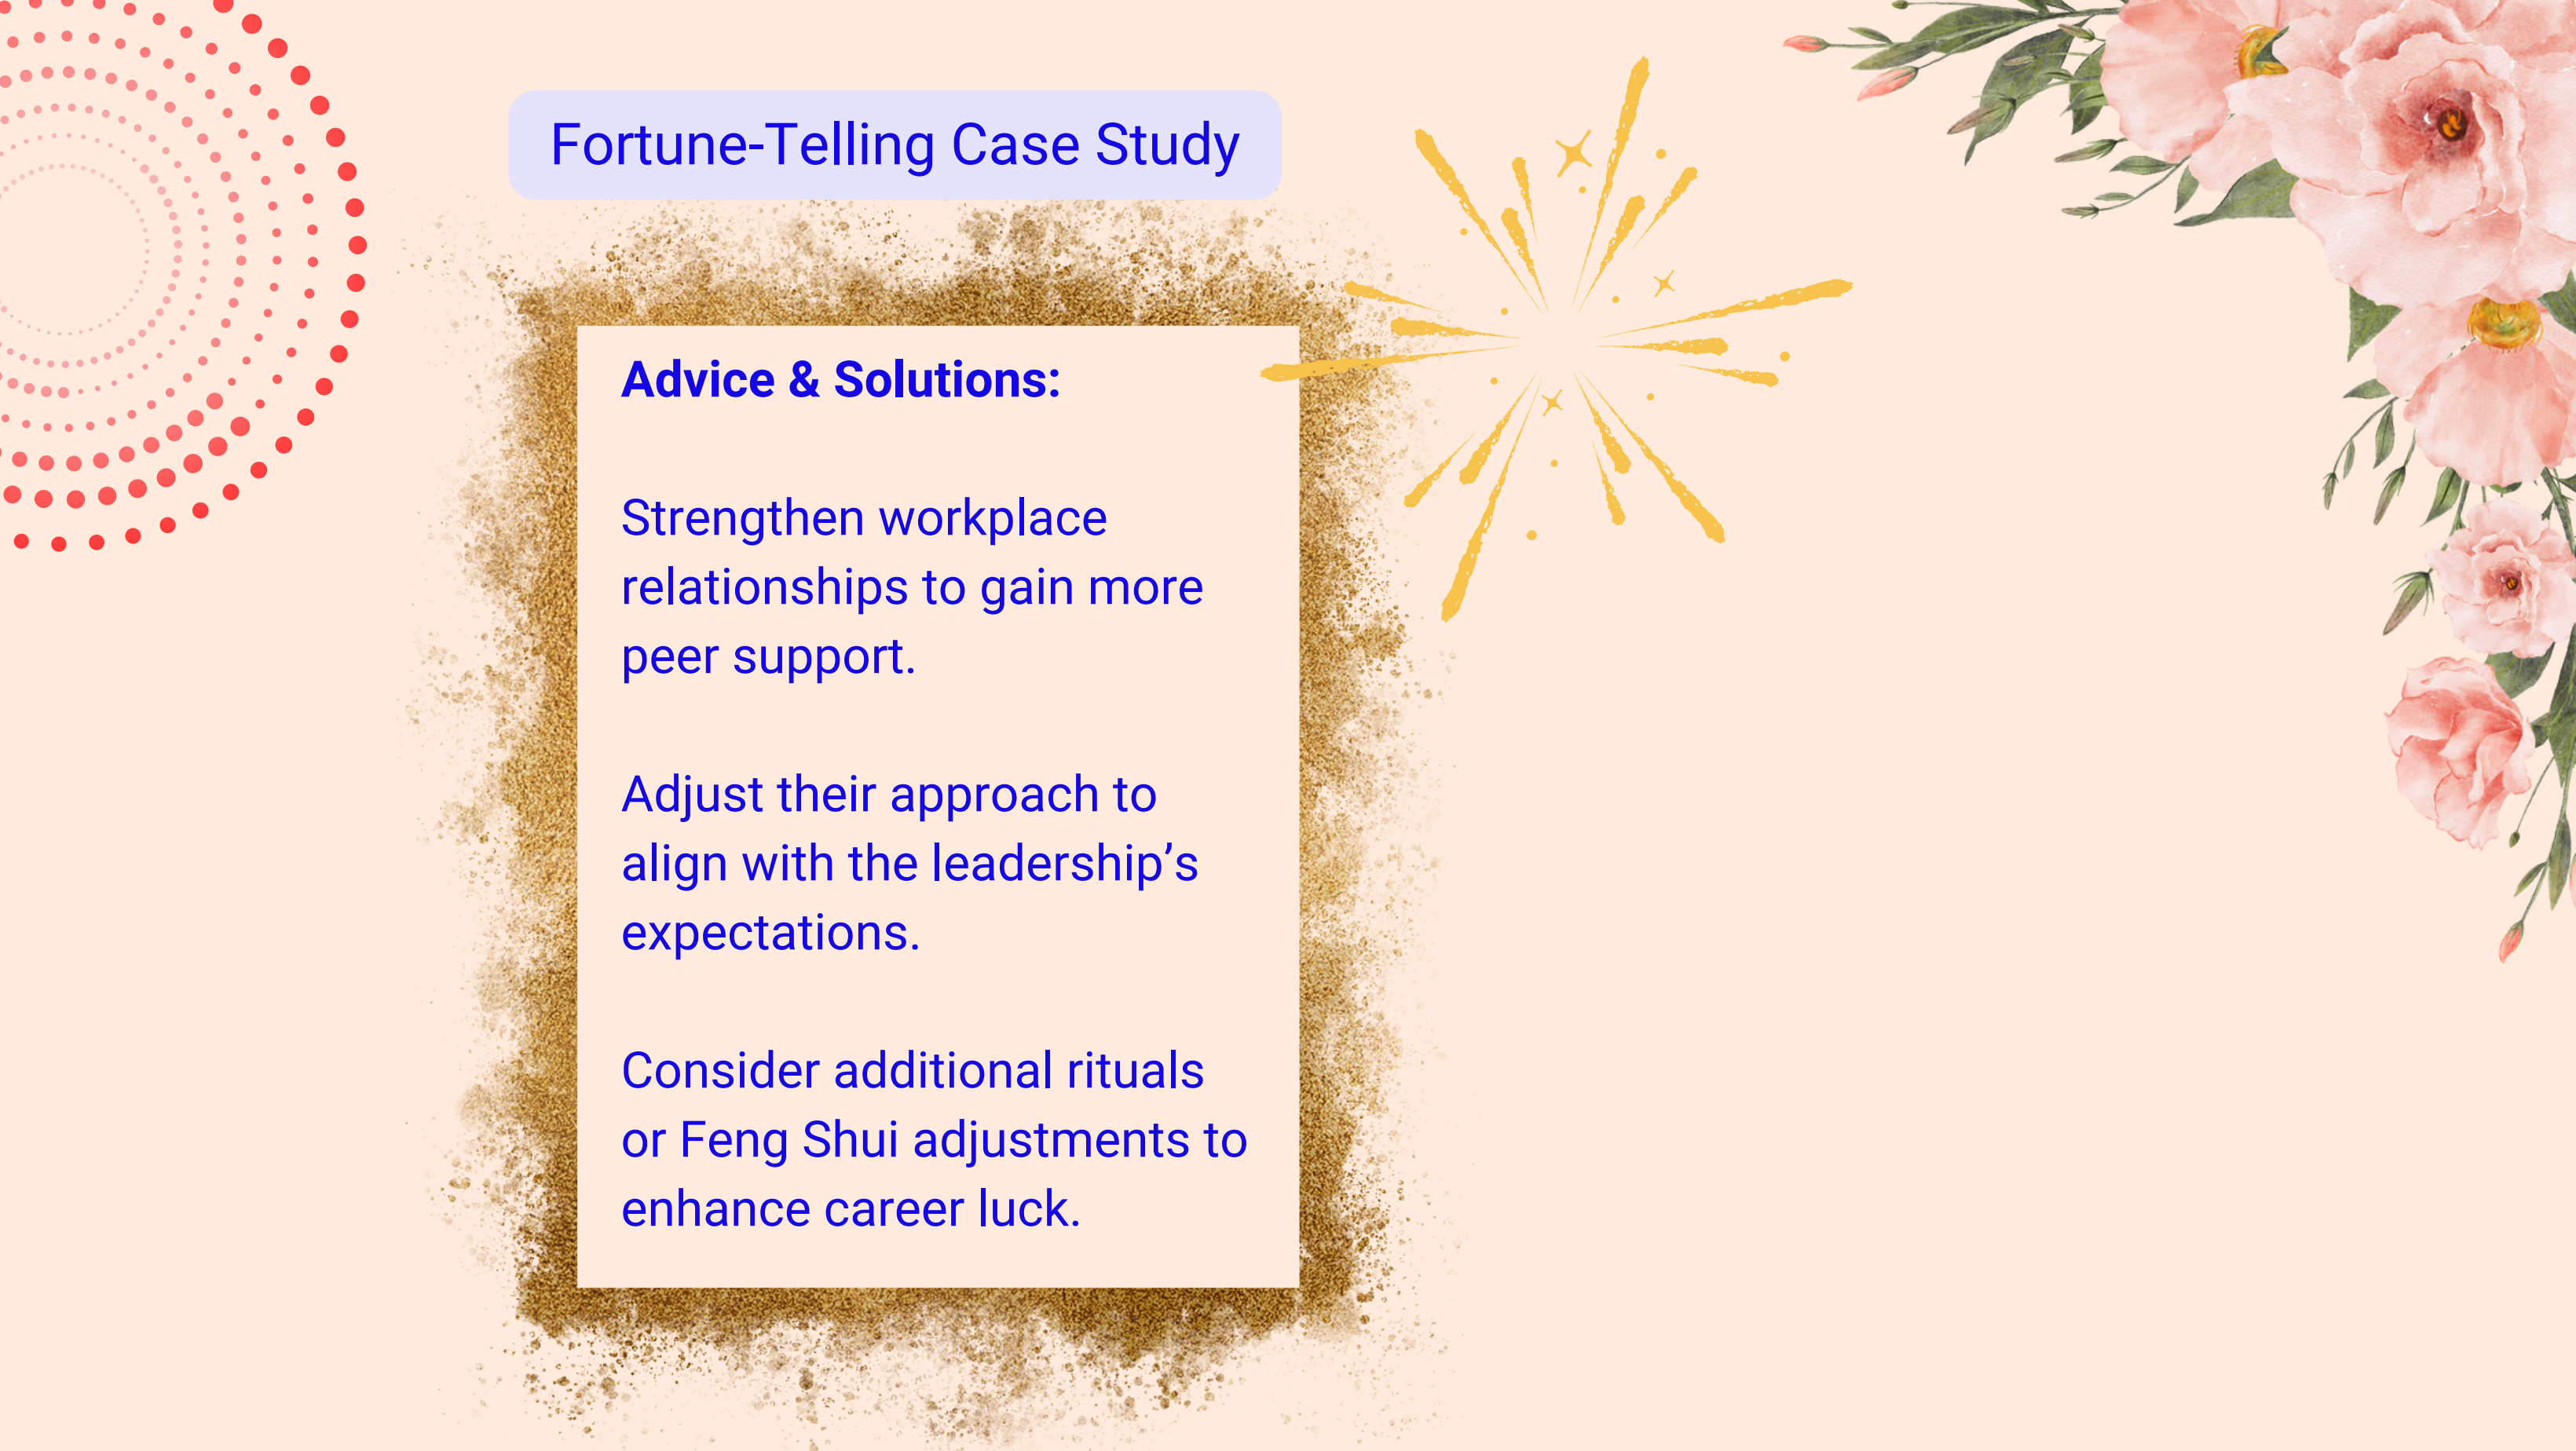

万年历里去找个未日的

我的群众关系确实一般。平常性子比较急。心眼不坏, 但是一不小心就容易得罪人。这次晋升特别奇怪, 前前后后找了两次人。家里人虽然退休了, 为了我这次也放下面子, 出面找了一把手, 他也应下了。但是这半年, 提了不少人, 迟迟没有动静。不知道为什么, 这次就这么难。

Feedback from the Client

Client: My relationship with colleagues is indeed average. My personality is quite impatient—not narrow-minded, but I can easily offend people if I'm not careful. This time, the promotion process has been especially strange. I reached out to my connections twice, hoping to facilitate it. My family members, although retired, used to hold leadership positions. To support my case, I even humbled myself and asked for help from someone influential, who agreed to assist. However, over the past six months, many people have been promoted, yet my case has remained stagnant. I don't understand why this time it's so difficult.
